

# Sponsoring Information

## Who we are

We are six 10th-grade students from "Gymnasium Grootmoor" secondary-school in Hamburg, Germany who founded the STEM Racing Team **Ascent**. On May 17th, we achieved second place at the German Championship, which qualified us for representing Germany at the **Aramco STEM Racing World Finals 2025** in Singapore.

## The Competition

**STEM Racing**, formerly known as F1 in Schools, is the world's largest STEM competition. Students aged 11 to 19 compete in various categories. These include the design and manufacturing of **miniature Formula 1 cars** powered by CO<sub>2</sub> cartridges, three portfolios covering Project Management, Enterprise and Engineering, the construction of a pit display and a 10-minute presentation.

## Our Path

### Hamburg Championship

On February 22nd, we took first place at the Hamburg Championship, along with five special awards.

### German Championship

On May 17th, we achieved second place at the Audi Driving Experience Center, making us the German Vice Champions.

### Aramco STEM Racing World Finals 2025 in Singapore

## World Finals

The World Finals will take place this year in Singapore from September 27th to October 2nd. More than 80 teams from 35 nations will be competing. Feel free to get an impression for yourself by watching this video from last year's World Finals:

[https://www.youtube.com/watch?v=I6\\_LUwkHGjk](https://www.youtube.com/watch?v=I6_LUwkHGjk)

## The Car Leading to our Success

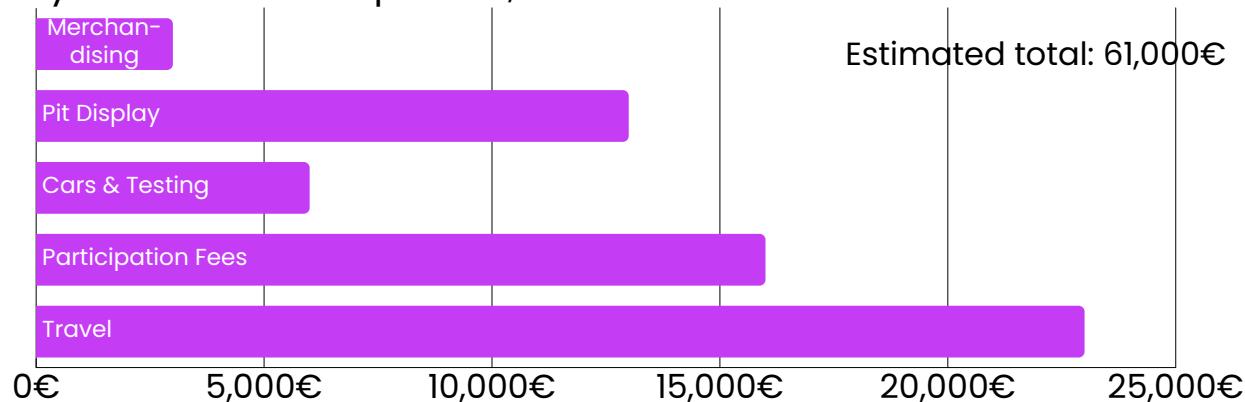

The Arrow2 is 24 cm long and weighs 55.0 g. It covers the 20-meter track in just 1.153 seconds. You can find more detailed information about our car on our website:  
[ascent-racing.com](http://ascent-racing.com)

## Why do we need sponsors?

To successfully participate in the **World Finals**, we rely on strong partners and sponsors. The costs for travel, accommodation and, of course, the production of our cars are significant, and as a student team, we are unable to cover them on our own. In exchange we can offer you various **benefits**, which are shown on the next page.

## Our Expenses

Participating in the World Finals involves significant costs. Travel and entry fees are fixed expenses, while other amounts are estimated costs.

## Your Return for Sponsorship

We can offer you the following benefits:

- Your logo on our race car (from 4,000€)
- Your logo on our team clothing (from 1,000€)
- Your logo on our pit display (from 500€)
- Joint Instagram post (Basic)
- Placement on our website ([www.ascent-racing.com](http://www.ascent-racing.com)) (Basic)
- Your logo in our portfolios (Basic)
- Customized partnership opportunities (by arrangement)
- Donation receipt from our school's support association for monetary donations (Basic)

## Contact

We hope that we have awakened your interest. We would be very happy to get in contact with you via the following methods:
